1. INTRODUCTION

Sculpture on the Edge was initially a collaboration with Maleny Garden Club's Open Gardens Festival in 2010. That success led to a stand-alone event in 2011 sponsored by the Spicers Group. Initially works were installed at Spicers Clovelly, Montville before moving to the grounds of Spicers Tamarind Retreat, Maleny. In 2022 the event was relocated to Flaxton Gardens to allow expansion to incorporate indoor sculptures.

This year Arts Connect Inc will again partner with Flaxton Gardens to exhibit indoor and outdoor sculptures in the beautiful landscape of the Sunshine Coast Hinterland.

In addition to the overall exhibition a sculpture competition and workshops will be held to promote sculptors and support local communities. Further information is available at <https://sculptureontheedge.com.au/>. All communications regarding the event are to be directed to the Event Coordinator at sote@artsconnectinc.com.au or 0448 541 889.

We look forward to everyone's engagement in an open, friendly and fun event that connects sculptors to an appreciative audience.

2. VENUE

[Flaxton Gardens](#) is an iconic Sunshine Coast Hinterland wedding venue, winery and function centre located a short drive from the villages of Montville, Mapleton and Maleny in Queensland. Flaxton Gardens is ranked at over 99% in Queensland for Reception Venue Ceremony Venue and Function Coordinator and has previously hosted the Sculpture on the Edge event.

The venue facilities allow the exhibition of indoor sculptures in the wine and barrel room and the manicured gardens to showcase the best of outdoor sculptures. The view across to the coast is the perfect backdrop for visitors to drink and dine before, during or after viewing the exhibition.

The sculptor retains title to their sculpture until it passes directly to a purchaser.

Plinths will only be provided for indoor sculptures.

5. ENTRY

Payment at the time of entry is required, entry fees are:

- \$40 per sculpture for financial members of Arts Connect or Sculptors Queensland
- \$55 per sculpture for other entries

By completing an entry form the sculptor confirms that they have read, understand and agree with the terms and conditions.

A maximum of 3 entries per sculptor are permitted. An entry with multiple components may be regarded as more than a single entry.

The online entry form at <https://sculptureontheedge.com.au/> is to be completed for each sculpture. Help in completing the entry form is available in the Sculpture on the Edge Entry Guide also available with the entry form.

Entries are to be submitted before midnight on the entry close date.

An installation plan is to be submitted with the entry of a complex or large sculpture.

No changes to an entry will be accepted after the closing date.

After entry, a sculpture is not to be publicly exhibited or offered for sale prior to the selection of exhibiting sculptures.

Entry fees are non-refundable regardless of whether the sculpture is selected or not selected for exhibition.

Sculptors are to take care in completing the entry form. The selection panel bases their decision on information and images provided. A clearly presented and well thought out entry is highly recommended.

Good quality images are required for all entries for inclusion in the catalogue.

6. EXHIBITION

Selection of sculptures for exhibition will be completed by a small selection panel, knowledgeable in sculptural art, based on the information and images provided in the entry form.

The quality of the sculpture will be highly regarded.

Sculptures previously exhibited at Sculpture on the Edge will not be considered for selection.

The decisions made by the selection panel are final and no correspondence will be entered into.

Selection will be based on:

- meeting the criteria of a sculpture
- originality and quality
- curation complexity
- previous exhibition

After being selected for exhibition, a sculpture is not to be publicly exhibited or offered for sale prior to the event commencing.

The number of sculptures for exhibition will be restricted to the space available at the venue.

All entrants will be notified by email at the completion of the selection period of the inclusion of their sculpture in the exhibition.

If a sculpture is sold prior to the event commencing, notification is to be immediately given to the Event Coordinator.

Sculptures sold prior to the event will be ineligible to exhibit. Replacement sculptures will not be accepted.

Signage is not permitted at the sculpture or sculpture site unless prior approval has been given by the Event Coordinator. This includes, but is not limited to, advertising, business cards, catalogues or promotional material.

Didactics will be provided to advise visitors of the sculptor and sculpture.

Sculptors are encouraged to actively participate in exhibition activities, both for security reasons, and as an opportunity to connect with visitors, other sculptors, sponsors and donors.

Sculptors are encouraged to present a talk during the event. This experience creates a much deeper understanding of their sculpture and is an important part of professional practice.

Sculptors are to assist with:

- promotion of the event in their local area
- marketing activities as announced
- raising issues early and being involved in the resolution process
- sharing the event on social media
